[kreb2188@columbia.edu](mailto:krb2188@columbia.edu)

Computer Science and Film undergraduate at Columbia University. British and Canadian.

Date of birth: 10/19/2005

---

## Education:

King's College School Wimbledon (London, UK)

Sep 2019 - Jul 2024

- International Baccalaureate: 40/45 points

Columbia University (New York, US)

Aug 2025 – present

- Computer Science and Film majors – undeclared
- 

## Work Experience:

Animation Intern - Andraft Inc. (Tokyo, Japan)

Sep 2024 - Jun 2025

- Worked in Clip Studio Paint on various anime shows, music videos, games and commercials (see credit list in portfolio).
  - Type of work included: key animation, secondary key animation, inbetweening and storyboarding.
  - Also worked as production management assistant, helping productions run smoothly.
- 

## Projects:

Short film (currently in production) - Columbia University Animation Team (Studio Dimension)

- Working as director, storyboard artist and 2D animator. Leading a team of other 2D artists as well as 3DCG artists.
- Project is primarily in the layout phase - once complete, key animations will be finished, coloured, and composited with 3DCG backgrounds.

James Webb Space Telescope data analysis – independent astrophysics project

- Catalogued background stellar objects of interest found in JWST NIRCAM data.
  - Used photometric methods and color-color/color-magnitude diagrams for analysis.
  - Work done in Jupyter Notebooks in Python.
  - Mentorship from Dr Jonathan McDowell of the Harvard Smithsonian, who provided guidance over the course of the project.
- 

## Skills:

Animation: layout, key animation/second key animation, in-betweening, finishing/coloring, storyboarding

Video editing

Software: Clip Studio Paint EX, Adobe photoshop, OpenToonz, Da Vinci Resolve, Hitfilm Express
